COMPANY PROFILE

WELCOME TO HANGZHOU OPUS FENCE SUPPLIES CO.,LTD

H.P.S. was created in 2013 with the aim of our main products being farm tools. Since then we have gradually moved into the plastics and electronics industries by constantly developing electric fencing products. As a leading Chinese manufacturer of electric fences, H.P.S. Exports its products around the world.

Through technological innovation and product optimization, we continue to improve our products. We offer a wide range which include insulators, fence tools, fence testers, fence energizers, and accessories. We export our technology worldwide.

We are not only sales exporters, but are the manufacturer of the majority products we sell. We have our own factory set up with the purpose manufacturer only for H.P.S.. We have worked in cooperation with our customers to meet their needs which have also witnessed our growth. We treat every customer's enquiry with honesty and integrity to allow us to answer each customer's question with the best solution at the most competitive and reliable price, and to the most attentive service to meet customers' requirements. Our goal is to achieve a "one-stop" service for farmers.

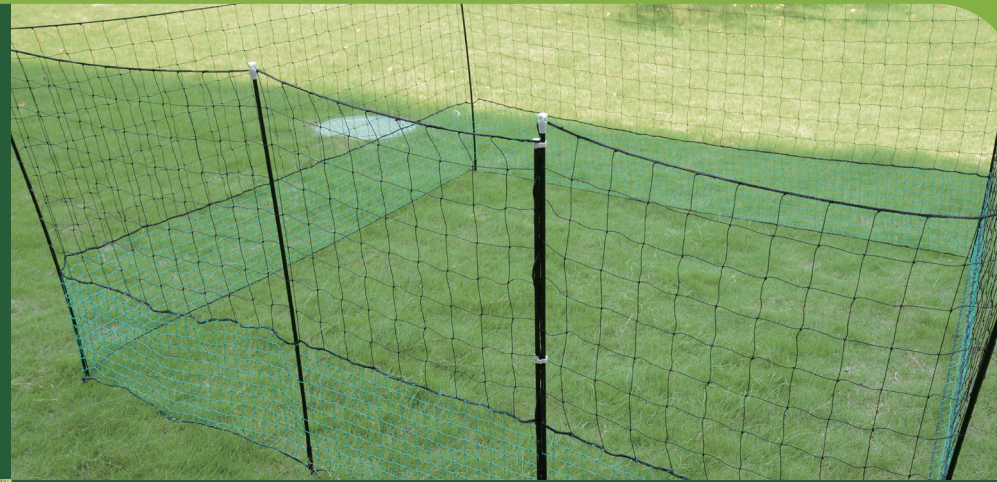

CHICKEN NETTINGS

H.P.S. CHICKEN NETTING INSTRUCTION

If you're looking for poultry netting to fence in your chickens, this is a great choice.

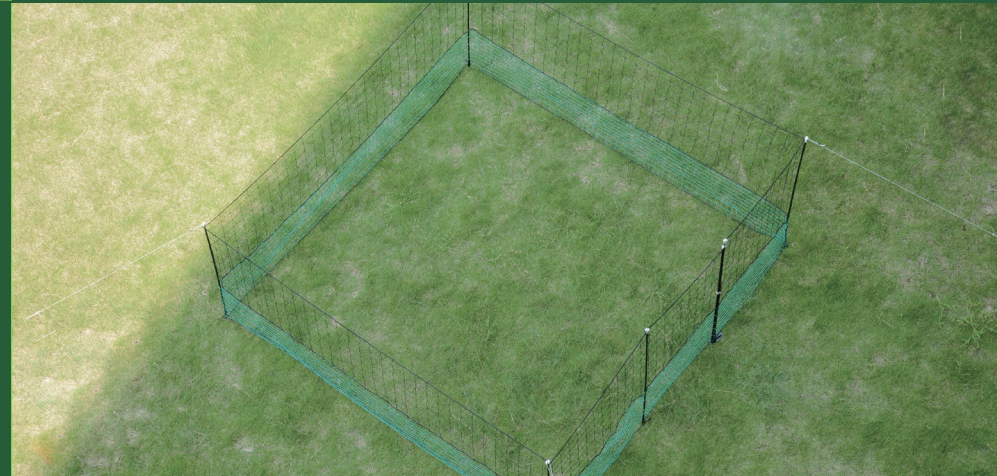

CHICKEN NETTINGS

You can design the range of chicken's raising by yourself according to your imagination.

This netting is without electricity. It is ok for you to set the electric fence outside the net. Then your chickens will away from dangerous.

Use this poultry fencing to keep your chickens within an area, giving them more space to roam or, of course, out of a part of your garden, like your prized vegetable patch!

CHICKEN NETTINGS

Netting Length	Pole	Gate Pole	Peg	Guy Line
1.25x12M	6	1	16	4
1.25x21M	10	1	24	4
1.25x24M	12	1	32	4

It can be customized according to clients' requirements.

CHICKEN NETTINGS

TALLER THAN MOST FENCING

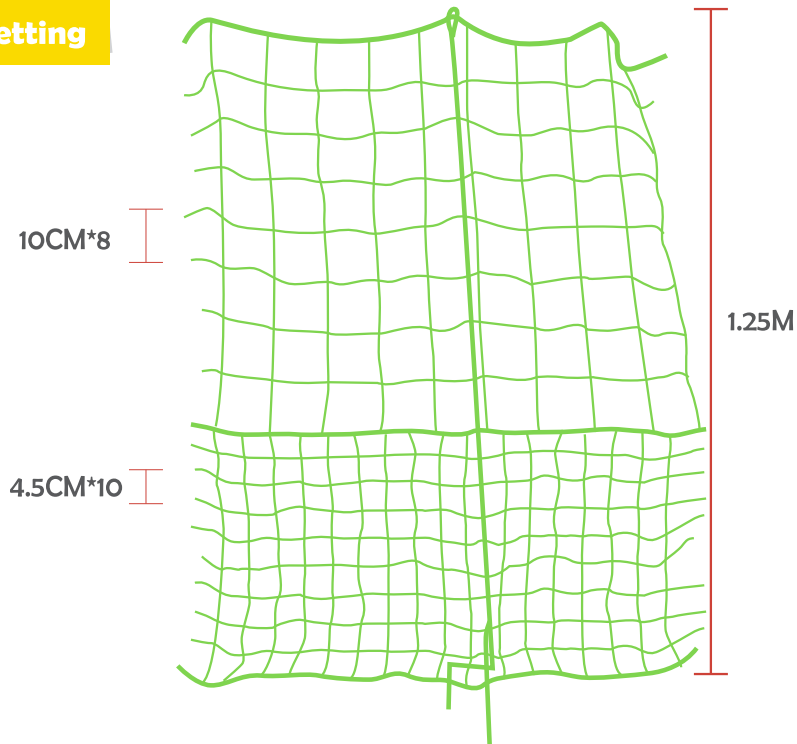

With an overall height of 1.25m, (which is taller than most chicken fencing), you can be confident that even the most determined of your feathered friends won't make a great escape!

This poultry fencing is also suitable for use with smaller birds like bantams. The bottom section of the fencing has holes that are only 50mm wide to stop them wriggling their way through. The holes higher up are 100mm wide.

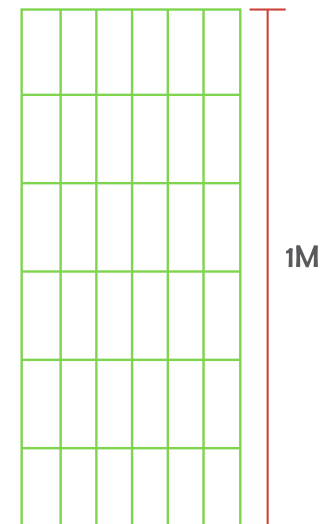

Please note:

This netting is intended as a means of keeping your chickens in a contained area. It is not predator proof and cannot be electrified.

H.P.S Netting

Typical height of normal chicken netting

ELECTRIC NETTINGS

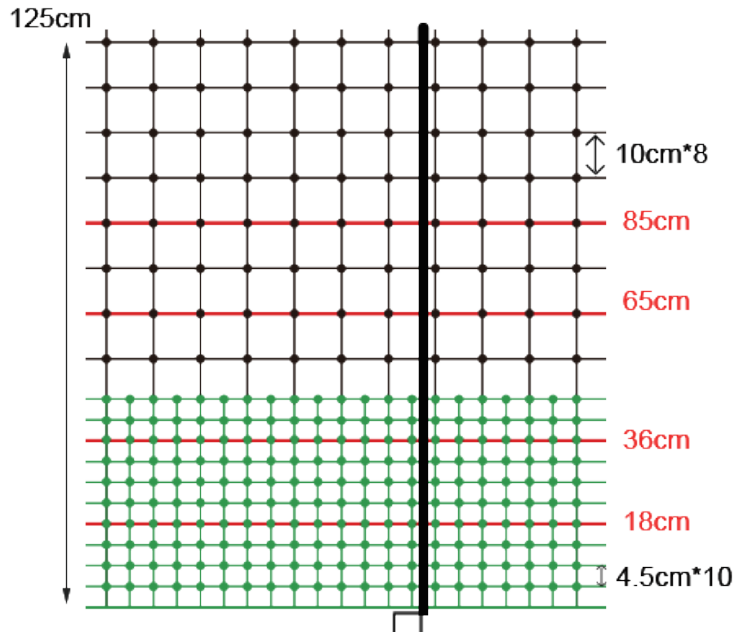

Electric netting offers a simple way to protect your animals. Including the chicken, duck, sheep, rabbit, etc. You will need an energizer to offer power by connecting the netting.

This netting is removable, you can put it away when you're not using. It is both suitable for family and big farm. You can use around the chicken coop or just put in your garden. You can install the netting in any shapes you want.

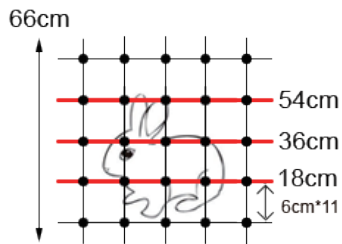

The solid PE netting is made of UV resistance material, with high conductive and quality stainless steel wire. The post is used fiberglass material, with metal head, so it will be easy to inserted into the soil. And the door will not lie on the ground because of the special design.

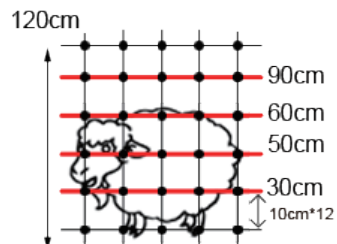

ELECTRIC NETTINGS

Electric netting for chicken is according to their flying ability (55cm-85cm, even to 120cm). 3-4 fire lines (red line) is reasonable.

Fire lines' height for rabbits.

Fire lines' height for sheep.

Netting Length	Pole	Gate Pole	Peg	Guy Line
12M	5	1	16	4
21M	9	1	24	4
50M	17	1	42	4

For different animals, customized different electric netting.
Color and size of netting are customizable.
